

Elsie New  
 ??? (don't know which generation, organist at Nipper's wedding)

I know very little about my grandfather's family. Raised by an aunt & uncle (Mr & Mrs Edwards) because mother in wheelchair & father was a captain in the Mercantile Marines. At the time he met my grandmother in about 1927, he was 22 and an accountant in the bank in Hungerford.

Note: Names of current/last generation removed for posting on internet
